

Hi Quorum Learning User,

We're excited to share that your Quorum Learning account will officially migrate to the Teaching Strategies' SmartTeach platform on **May 7th!**

Here's what to know:

- Sign in through SmartTeach starting May 7th.
- On your first login, click "**Forgot Password**" to set up your account.
- Your username will stay the same **unless** you already have (or had) a SmartTeach account. If so, your new Quorum username will have "**QUORUM**" at the end — and you'll get an email with your updated login details.

Important: If you try to log in through SmartTeach before May 7th, you may see a "**License Expired**" message — that's expected while we finish setting things up! Just keep signing in through the Quorum login window until it's retired and no longer appears.

Get ready for a more streamlined improved Quorum experience! For more details, [Read the New Experience Guide](#)

Thanks for being part of the Quorum community — we can't wait to welcome you to SmartTeach!
